Service: Additional Cloud Mobile number add-on for a compatible Omni Communicator S Mobile setup.

Number type: Additional Cloud Mobile Number

Use case: - Adds an extra Cloud Mobile number for a customer who already has a new or existing Omni Communicator S Mobile setup.

Base service requirement: - Requires an active Omni Communicator S Mobile setup.

Special caps or exclusions: - One additional Cloud Mobile number per purchased add-on unless the product page states otherwise.

Setup and activation: This is a Cloud Mobile upgrade add-on. It does not include a separate setup helper. Service starts when the upgrade has been configured and activated.

Price: You pay upfront for the selected prepaid term shown on the product page and your order. Any separately ordered porting, delivery, add-ons or out-of-bundle usage are charged separately where applicable.

Contract length and ending: This is a fixed prepaid add-on term of 3 months. Unless otherwise stated, the service ends automatically at 23:59 on the last day of the selected prepaid term.

Porting: Number porting may be available where offered. Existing Cloud Mobile number porting rules apply. Pre-Order Validation does not apply to Cloud Mobile porting.

Base contract effect: This add-on does not automatically reset or replace the base service term unless expressly agreed.

Emergency calls and service quality: Service quality depends on your internet connection, local network, device compatibility and power supply. Calls to 999 and 112 should work where the underlying service supports them, but location information may not be automatically available. You should keep another way to contact emergency services.
